

January 27, 1976

here before the escort committee returned, which was my error. I think we ought to wait for the other Senators to come back into the Chamber. Will the Sergeant at Arms determine if the escort committee is in the rotunda? Our escort committee has now returned.

CLERK: Mr. President, there is still pending the Chambers motion on LB 432.

PRESIDENT: All right, and that is the question before us. The question is, the adoption of Senator Chambers amendment to LB 432. Record your vote. Have you voted? Record.

CLERK: 27 ayes, 3 nays.

PRESIDENT: Motion carries and the amendment is adopted.

CLERK: Now, Mr. President, there are no further motions or amendments pending on the bill.

PRESIDENT: Senator Chambers.

SENATOR CHAMBERS: I move that the bill as amended be advanced.

PRESIDENT: You have heard the motion. We are on Select File. All those in favor say aye. Contrary say nay. The bill is advanced. LB 412.

CLERK: Mr. President, I believe LB 248.

PRESIDENT: What do you have, Mr. Clerk? I am advised LB 412 has been bracketed. LB 248.

CLERK: LB 248, Mr. President, is a bill. The Committee amendments have been adopted. The E & R amendments have been adopted. There is now pending a motion by Senator Barnett to amend the bill with amendments which are set out. It appears the amendments are set out in page 246 of the Journal.

PRESIDENT: Senator Barnett.

SENATOR BARNETT: Mr. President, I move for the adoption of the amendments found on page 246 and 247. I discussed this on the floor when they was talking about the bill and I have discussed it with Senator Burbach, and the idea of the amendments is strictly to say that if we are going to have the Health Department set up rules and regulations, or the regulations to follow in construction, then what we want to do is have them follow the state electrical code of which we already have a committee. We adopted that last year. We adopted the State Electrical Board which sets forth the code that should be followed and, therefore, this amendment was drafted for that purpose. So I would ask for the adoption of that amendment and answer any questions that anybody has.

PRESIDENT: Senator Marsh.
